The 75 counties of Arkansas were for the most part given their official names in honor of some national or state leader who figured in the early peace or wartime history of the state and federal governments. However, several received their designations from the names of rivers, natural formations or in commemoration of the Declaration of Independence and the union of colonial states. Dates of their creation and distinguished men or highlights in history for which their counties were given their names was copied from an old newspaper (date unknown) but possibly the newspaper was the Arkansas Gazette, published in Little Rock, Arkansas.

EDITOR'S NOTE: At least one County History has been published, for most of these counties. Write the Library of the county (Enclose self addressed stamped envelope - S.A.S.E.) for the address to buy or at least research.

Most who have done research on this branch of the woods line seem in agreement to this point and on to Rt. Rev. Edward Loftus. Some have carried the line of Mary Rice (Rhys) on back to Henry I of France (1011-1066) & Henry III of England (13th Century). I have carried the line even further back with many related lines, but will not include them until I may find proof enough to satisfy me on a few of the generations. I will be happy to exchange info. with anyone who may be interested in studying this line before 1500 to 1600.
